

Fullex Crimebeater is engineered to provide long term reliability and security.

Widely specified, Crimebeater has been fitted to hundreds of thousands of doors in the UK.

With 3 deadbolt and 2 hook and deadbolt variants available, in 20mm 304 radius end stainless steel or 44mm full length white aluminium powder coated faceplates, Crimebeater is not only secure, but adaptable.

Crimebeater is UKAS tested to PAS23/24 standard and is a Secured by Design licensed product.

- PAS23/24 and Secured by Design
- 2 tapered steel hooks, deadbolt and latch or 3 deadbolts and latch
- Dual or single spindle option
- Easily reversible latch as standard
- Integral hold back latch function on lock faceplate
- Various adjustable security keep sets available

www.fullex-locks.com

Available as both dual and single spindle variants for use with 92mm short backplate or 92/92, 92/62 long backplate handles.

The 44mm faceplate version has a matching white hinge plate, either blank or prepared for Crimebeater door hinges.
